

Funding Framework - Through Life Pathway Outcomes 2019

Defining and Analysing Need and desired Outcomes/Impact

The purpose of the RNRMC is broad and it is important to focus our work to best effect. To achieve best focus and value for beneficiaries the Charity is working to analyse and take into account the nature of need of our beneficiary groups and to refine the changes “Outcomes/Impact” we wish to achieve for each group. We work closely with a wide range of Naval Charities to explore the needs as presented to front line organisations and sector wide research has directly informed the following outcomes for those beneficiary groups that we wish to support in 2019. This funding framework including themes and Outcomes/Impact will be reviewed and revised in future years.

Funding is limited so we will only be able to fund the best applications. All applications will be tested against these outcomes and agreed criteria. Capital projects will be considered through our Large Major Grants process and the RNRMC Trustees.

Normally we are not able to fund:

1. Where a project only benefits one person (will be considered on a case by case basis typically of a compassionate nature)
2. We will not support individual requests for top up fees for residential or nursing home care fees but we will support RNRMC benevolence charities' that do.
3. Organisational fundraising activities
4. Retrospective funding for projects that have already taken place
5. Memorials
6. Trading ventures
7. Research
8. Projects that should be funded by the Service, the state or other public bodies.

Grants will be *normally* be made on a one year basis and subject to annual review.

Funds that support the Through Life Pathway:-
